

**24 December 2020**

**Apparao Swami Kankipati**

has successfully completed the online,non-credit Specialization

### **Web designing using reactjs**

Web design is the buzz word nowadays. It is for presenting information on a web page by implementing various animations and graphical representations. Typically, it refers to the Hypertext Markup Language (HTML), Cascading Style Sheets (CSS), JavaScript portion of website production as opposed to the database or server-side programming, and ReactJS for building UI components along with the features like performance, simplicity, and data binding.

#### **Key Skills**

HTML5

CSS3

JAVASCRIPT

BOOTSTRAP

REACTJS

**Dr.B.Nageswara Rao**

Executive Director  
APSSDC

**Dr.Arja Srikanth**

Special Secretary to Government,  
MD &CEO,APSSDC
